

MSI GeForce RTX 5070 12G VENTUS 3X OC 12GB GDDR7 Graphics Card

MSI - 36 months warranty - RRP GBP 539.99 inc VAT

The RTX 5070 system builders reorder most: 12 GB GDDR7, triple fans, two slots and a 650 W supply requirement.

MSI's VENTUS 3X OC is the no-frills route to the GeForce RTX 5070, with a factory overclock and a triple-fan cooler on a 303 mm two-slot board. It takes 250 W through a single 16-pin connector; an adapter to two 8-pin leads is in the box for older supplies. Pair it with a 650 W unit or larger. For 1440p gaming builds at a sensible price point this is the card most of our resellers standardise on.

Specification

GPU	GeForce RTX 5070
