

Arctic Liquid Freezer III 360 All-in-One CPU Liquid Cooler

Arctic - 72 months warranty - RRP GBP 97.99 inc VAT

360 mm AIO with three P12 fans and a thick radiator; our recommendation for Ryzen 9 and Core Ultra 9 builds.

The Liquid Freezer III 360 is the cooler we most often attach to Ryzen 9 9950X and Core Ultra 9 285K systems, where sustained power passes 200 W. Three 120 mm fans on a 38 mm radiator give high capacity at moderate noise, and the pump-block fan helps the motherboard power stages. The case must support a 360 mm radiator in the top or front. All four current sockets are covered.

Specification

Type	AIO 360
Socket support	AM5,AM4,LGA1700,LGA1851
Height (mm)	0
Radiator (mm)	360
TDP rating (W)	400
Fan size (mm)	120
RGB	No
