

Arctic P12 PWM PST 120mm Case Fan (5-Pack)

Arctic - 72 months warranty - RRP GBP 27.99 inc VAT

Five 120 mm PWM fans with pass-through connectors, so a whole case runs from one motherboard header.

The P12 PWM PST is a static-pressure-tuned 120 mm fan that works on radiators and case panels alike, reaching 1800 rpm. PST pass-through connectors let fans daisy-chain, so five fans can run from one motherboard header. The five-pack is the most economical way to fill a new case. Arctic provides a six-year warranty.

Specification

Size (mm)	120
Pack	5
