

BenQ PD3205U 32 inch IPS 4K UHD USB-C Designer Monitor

BenQ - 36 months warranty - RRP GBP 609.99 inc VAT

32 inch 4K IPS designer display covering 99 percent sRGB and Rec.709, with 90 W USB-C and a built-in KVM.

Studios and print shops buy the PD3205U for its factory-calibrated colour, each unit shipped with its own calibration report. Delta E is held below 3 across sRGB and Rec.709. A single USB-C cable powers a laptop at 90 W, while the KVM and RJ45 port turn the screen into a workstation hub. The large 32 inch canvas at 3840 x 2160 keeps timelines and toolbars readable at 150 percent scaling. BenQ's Hotkey Puck G3 is in the box for switching colour modes without menu diving.
