

Target Gaming Ryzen 7 9800X3D RTX 5070 32GB 2TB Windows 11 Home

Target - 36 months warranty - RRP GBP 1939.99 inc VAT

Ryzen 7 9800X3D and GeForce RTX 5070 12 GB with 32 GB DDR5-6000 and 2 TB NVMe, built and stress-tested in Castleford.

The 9800X3D's stacked cache makes it the fastest gaming CPU on sale, and the RTX 5070 adds DLSS 4 frame generation for high frame rates at 1440p. Together they suit a 180 Hz or faster 1440p monitor. We cool the CPU with a 360 mm AIO and power the build with an 850 W 80 PLUS Gold ATX 3.1 supply using the native 16-pin lead. Cable routing is tidied behind the tray for a clean glass-panel view. Each system runs a 12-hour burn-in on 3DMark and OCCT before it is boxed in a fitted foam insert.

Specification

Processor	AMD Ryzen 7 9800X3D
Memory (GB)	32
Storage (GB)	2000
Graphics	NVIDIA GeForce RTX 5070 12GB
Operating system	Windows 11 Home
