

Logitech MX Keys S Wireless Illuminated Keyboard, Graphite, UK Layout

Logitech - 24 months warranty - RRP GBP 104.99 inc VAT

Low-profile scissor keyboard with smart backlighting, three-device switching and USB-C charging; the MX desk anchor.

MX Keys S is the keyboard executive and developer desks tend to be specified around. Spherically dished scissor keys give precise typing, and proximity-sensing backlight wakes as the hands approach. It pairs with up to three devices over Bluetooth or a Logi Bolt receiver and switches between them with a key press. Smart Actions in Logi Options+ automate repeated shortcuts.

Specification

Connectivity	Wireless
